

## **Transportation rules – State of Ohio – Moeller High School**

### **Games**

1. All team members are expected to ride with the team to and from contests, unless other arrangements have been made by the head coach and approved by the athletic director and athletic administrator.
2. With prior permission from the head coach parents may drive their student athlete to and from a contest.
3. Parents may not drive other student athletes home without a liability waiver signed by the parent of the other student athlete. This waiver must be turned into the head coach 24 hours in advance of the contest or event.
4. Busses or school vans are arranged for contests by the head coach and the athletic director.
5. Only school employees with current and proper paperwork filed and approved, may drive Moeller vans.
6. Student athletes may not drive their own vehicles to a contest in which they are participating.
7. Non-student athletes may not drive student athletes to athletic events for the purposes of participation in said event.

### **Offsite Practice**

1. With prior permission from the head coach, parents may drive their child and other teammates directly home after a contest.
2. The school does not provide transportation to offsite practices. The same rules of safety that are used when a student leaves home to walk to school, must be used to get to an offsite facility.
3. In rare instances, parent drivers may be used to transport student athletes to and from contests. These instances must be approved by the head coach, the athletic director, and the athletics administrator. Parents must fill out the proper paperwork with the transportation officer and be approved by ODE SAFE prior to transporting student athletes.

### **Van Certification**

1. Any coach who plans to use the vans for student transportation must have completed all forms with ODE. Must have current paperwork on file with Bob Pieper in the Main Office.
